## America Plans Good Thanksgiving

By United Press  
Millions of Americans headed home today to join their families around well-plenished tables, topped with golden-brown turkeys in giving prayerful thanks on Thanksgiving Day.

Fair but unseasonably cold weather was expected throughout the nation, but only sections of the Midwest anticipated a snow-white holiday.

Meanwhile, transportation facilities were reported ready to handle the large home-bound crowds.

Earlier this month, President Eisenhower — in his annual Thanksgiving Day proclamation — asked Americans to help "the ill, the destitute and the oppressed in foreign lands."

Reminders of Pilgrims  
The President reminded the country that the Pilgrim Fathers, fleeing religious oppression, "landed on a bleak, forbidding shore and began to carve out what became this great republic which it is our happy destiny to love and serve."

Mr. Eisenhower asked that the nation, through religious groups and by other means, "give a good account of our stewardship by helping those in need and by rendering aid" to the ill, destitute and oppressed peoples of foreign lands.

Churches and many civic groups followed the President's cue. Clothing drives were being held by many religious organizations during the holiday to collect used articles of wear for eventual shipment to needy persons across the seas.

Heavy Traffic Expected  
Heavy highway traffic was expected by safety officials. The National Safety Council hoped the traffic death toll would fall below the 110 deaths that normally occur on a non-holiday Thursday in late November.

President Eisenhower planned to observe the holiday with a family dinner at the White House, the first Thanksgiving to be spent at the White House by the Eisenhowers.

Bountiful Thanksgiving feasts were in store for the homeless children and adults of the nation.

The sick, crippled, aged and orphaned were expected to sit down to a huge turkey dinner with all the trimmings at public and private institutions.

## George Pittman, Who Will Be 93 On November 30 Has Better Memory Than Many Young Folk

A man who was born November 30, 1864 and almost a century later, relates experiences from the Civil War must possess, as psychologists would declare—a remarkable memory.

And if an extensive study were made concerning the memoirs of George H. Pittman, 115 East Main, many of the modern theories pertaining to history as well as psychology might possibly be thrown out. Yet Mr. Pittman, who is credited with having one of the county's most perfect memories, recalls guerilla soldiers of both armies who looted and murdered in the county during the closing days of the bloody war between the states.

He tells of Confederate troops who hung several of their deserters, while surrounded on all sides by tremendous odds. He also recalled the unrest that resulted among the civilian population which gave way to mob rule. Pittman, who will soon celebrate his 93rd birthday, lost two uncles on the battle fields of Chickamauga and Chattanooga, fighting for the cause of the Southern army.

Mr. Pittman remembers the presence of an Indian tribe, in this area, and their chief Paducah. He professes to have Indian blood himself.

Pittman was reared in the Brandon Mill community, a settlement named after his great uncle who came from England to escape Catholic persecution. He continued to reside in Brandon Mill for 80 years where he operated various farms, and held public offices, including Road and Bridge Commissioner and Justice of the Peace. The pioneer revealed that he had owned a total of 68 farms during his lifetime.

Pittman explained that education was a matter of self initiative in those days (the good old days) and that he received his formal book learning at McClellan School, a log cabin in the Pottertown village.

Turning to politics, he spoke of the holy contested election between Rutherford Hayes and William Tilden in 1876 which was settled finally after numerous electoral recounts. According to Pittman, it was 4 weeks before Calloway County learned of Hayes' selection.

He likes to tell of shaking hands with a great Kentucky governor and Confederate general, Simon Buckner.

Pittman was present when the first county court house was established at Wadesboro, and has for several years, to get his daily copy of the Ledger and Times office each day, and has for several years, to get his daily copy of the Ledger and Times. He usually peruses the entire paper before he leaves the office, adding to his great knowledge of current events.

George H. Pittman

An interesting trade mark of the Pittman family, he said, is our splitting the "T" to identify and separate our eastern kin from the western. His relatives who migrated west during "Black Reconstruction," agreed to drop one of the letter "t's in the name and a prime example was his cousin, Kay, who settled in Nevada and later held the distinguished position of U.S. Senator Kay P-i-t-m-a-n.

Pittman said that Murray was a quiet, growing town in the horse and buggy days with 300 people, as it now is with 10,000.

Mr. Pittman comes to the Ledger and Times office each day, and has for several years, to get his daily copy of the Ledger and Times. He usually peruses the entire paper before he leaves the office, adding to his great knowledge of current events.

BULLETIN

# Oklahoma Loses Points To Vols

## College Football Race Tight As Home Stretch Is Entered

United Press Sports Writer

NEW YORK UP - The race for the national college football championship tightened today as Oklahoma with its record string of 38 straight victories, lost some of its lead over runner-up Tennessee in the weekly ratings of the United Press Board of Coaches.

Rose Bowl - bound Iowa jumped up to the No. 4 ranking behind Texas A&M; Miami Fla. advanced four notches to sixth place; Minnesota vaulted eight places to No. 7, and Syracuse moved up to a tie for 10th with Michigan in this week's most important changes among the leaders.

With two weeks remaining to decide the national championship, Oklahoma's margin was 323 to 213.

SOONERS HAVE TWO LEFT The Sooners, seeking the national crown for the second year in a row, play Nebraska at home next Saturday and then wind up their season at Oklahoma A&M.

Tennessee, which like Oklahoma has an 8-0 season record, is at home against Kentucky Saturday and at Vanderbilt the following week. The Vols are almost sure bets to play in the Sugar Bowl.

Oklahoma now has led the ratings eight of the nine weeks this season, yielding first place to Michigan State four weeks ago.

Texas A&M, which has clinched at least a tie for the Southwest Conference Championship but is ineligible for the Cotton Bowl, and once - beaten Iowa each received one first place vote this week. The Texas Aggies' total of 238 points; Miami sixth with 117, followed by Minnesota with 100, Michigan State with 75, Oregon State fell four places after its narrow defeat at the hands of Minnesota; Oregon State, the Pacific Coast Conference's Rose Bowl representative, fell one notch; Syracuse moved up one place to tie Michigan, which dropped from ninth.

Points are distributed on the

basis of 10 for the first eight weeks of the season, fell from sixth place to 13th following its setback by Iowa. The Big Ten Conference still was represented by four teams in this week's "Top 11."

Pittsburgh headed the second 10 group in 12th place, followed in order by Ohio State, Navy, Florida, Yale, Texas Christian and Wyoming. There was a four-team tie for 19th place among Southern California, Penn State, Purdue and Baylor. Duke was the only other team to receive a vote.

### Positions Open With State Police Force

Career positions are now open with the Kentucky State Police as cadet troopers complete with merit system and retirement benefits, according to state police officials in this district.

Among the minimum qualifications are — not less than 21 nor more than 35 years of age; at least 5'8 1/2" but not over 6'4 1/2" in height; high school graduate or equivalent.

### Pearl Harbor Scene Of Many Warships

PEARL HARBOR, T. H. — Pearl Harbor was teeming with more combat-ready warships today than at any time since World War II.

It was a part of the Navy's "accelerated schedule" to improve America's defenses in the Pacific during the Middle East crisis.

The attack aircraft carrier Philippine Sea steamed into Pearl Harbor Wednesday with four destroyers as her escorts.

Already at the big naval base were three cruisers and four other destroyers, which arrived Sunday.

Their appearance spoiled the holiday weekend for Navy and civilian suppliers. The seven ships issued "hundreds" of requisitions for fuel, spare parts and provisions," the Navy said.

The carrier Yorktown and the Shangri-La steamed through the Golden Gate Tuesday and were expected at Pearl Harbor this weekend. Navy officials refused to confirm West Coast reports that the carrier Wasp was being readied at San Diego for Far East duty.

### Diet Is Key To Diabetes Victim

WASHINGTON, UP — Diet rather than insulin is the key to control of diabetes, according to a Florida doctor.

Dr. B. E. Lowenstein told the Southern Medical Association Wednesday that insulin can do more harm than good.

He said many doctors treating diabetes have become too concerned about high sugar content in their patients' blood and have lost sight of the harm from an accompanying amount of fats in the bloodstream.

Dr. David B. Altman, president-elect of the American Medical Association, told the Southern group that "the threat of government intervention in medical affairs is greater than ever."

He urged members of the association to help "carry the torch of free enterprise and the private practice of medicine."

"They attempted to break into our house-into our house of medical freedom-with their socialistic schemes . . . now, the planners seem to be waiting for an opening to advance new medical economic schemes," Altman said.

Dr. J. P. Culpeper Jr. of Hattiesburg, Miss., was installed as new president.

When frozen berries are used for making jelly, the amount of water usually called for should be reduced approximately one-fourth.

### EXCELLENCY FROM ATHENS

Mrs. Haak recommends freezing cranberries now when they are at their height of perfection. They will then be ready for use in the busy holiday season ahead as well as during the spring and summer. Jewell-like jelly, sparkling sauce, lattice-top pie, crisp relish with apple or orange, colorful sherbet, or refreshing punch are some of the tempting dishes that can be made.

# Is There A Payday Someday ?

Dr. Robert G. Lee and the producer, Mr. William E. Rousseau, are pictured with the crew of Westminster Films as they film Dr. Lee's answer to that searching question.

Dr. Homer A. Hammon, after hearing the message said, "I do not see how anyone can listen to that message and not be saved."

Hardly a day goes by that the beloved Memphis pastor does not receive an invitation to preach "Pay Day — Someday" in some city or town throughout the United States. The sermon has been preached, at their request, before the State Legislatures in Tennessee and Texas. Dr. Lee has preached it more than 575 times and the film has made it possible for many thousands others to see and hear him preach this nationally famous message. The sermon has a blessing in it for the hearts of Christians as well as the unsaved.

The Lord has blessed in a marvelous way the ministry of Dr. Lee. During the 29 years he has served at Bellevue Baptist Church there have been an average of fourteen additions per Sunday, four of these additions being upon profession of faith. He is recognized throughout the world as one of the greatest preachers of the Twentieth Century. This film that is done in beautiful Technicolor and high fidelity sound will be shown in a service at

## Cherry Corenr News

Many people keep asking why the Cherry Corner news stopped. There is no reason other than an unusual amount of work which had to be done and not enough time. We all need to slow down more.

There's no sickness to report other than the common colds that many are having. Many people have expressed their sympathy in many ways to Mr. and Mrs. Mason Outland since their house and furniture burned a few weeks ago. They are now living in the concrete block house near the Old Chestnut Grove School house place. They are planning to build some time in the near future.

A large crowd attended the Golden Wedding anniversary of Mr. and Mrs. Charley Henry of RFD 6 (our neighbor), a few Sundays ago. Relatives from McKenzie, Tenn., Paducah, Ky., Metropolis, Ill., Clarksville, Tenn., and many other near places attended. Between 75 and 100 registered.

Mr. and Mrs. W. A. (Bill) Parker and Carol of St. Louis, Mo., spent from Friday until Monday with the Ofas Outlands. Mrs. Nora Parker and other relatives. They also visited Mr. and Mrs. Walter Adams of Murray and Mrs. Hilda Faye Miller and family of Benton Road.

Mr. and Mrs. Everett Ray and daughter, Dianne of St. Louis were also visitors with relatives last week end.

Mr. and Mrs. Thomas Clayton of Nashville, Tenn., spent the week end with Mr. and Mrs. Wilburn Clayton.

Mr. and Mrs. Ohio Winchester of Murray were visitors of Mr.

and Mrs. E. D. Winchester Wednesday evening.

Miss Janice Farris, daughter of Mr. and Mrs. Keys Farris is better after having received treatments in Murray Hospital for Rheumatism.

Mr. and Mrs. Will T. Winchester who married last summer have moved near the writer. Before this goes to press several more of our Calloway County boys will be leaving for military training as the leave Monday, November 19, at 7:30 a.m. and with these will be our son, Dale Outland. Among the several others will be Ewing Willoughby who graduated from New Concord High School in 1955 with Dale. Will be homesome around home as Dale never spent more than one or two nights away from home at one time in his 22 years and very few of them.

A few more of these cool morning and people will be killing hogs.

Thanksgiving Greetings to all.

## Relations In Steel Will Be Stable

CLEVELAND, Ohio — Steel Magazine said today that "reasonably stable labor relations" will exist during the second term of President Eisenhower. The weekly publication said the next large contract opening does not come until 1958 when the United Auto Workers pact with the big auto companies expires. The steel workers are not slated to open new talks until 1959, the magazine said.

Steel noted that the White House policy on labor matters has worked well, while in Congress no significant changes in the Taft-Hartley Act are expected to be legislated. The magazine said union emphasis will concentrate on state legislatures, with efforts to have the right-to-work laws repealed in the 17 states that have them and to stop passage elsewhere.

Whether the United Steelworkers' \$2 a month increase in membership dues will stick will be decided when the national officers are elected Feb. 12. Steel said. Steel workers opposing the boost have formed the National Dues Protest Committee. They have selected candidates to oppose President David McDonald, Vice President Howard Hague and Secretary-Treasurer I. W. Abel. The movement is expected to die out if the McDonald slate wins. It is an odds-on favorite to do so.

## Production Record Set Last Months

WASHINGTON — The nation's industry set a production record in September and October, and shows signs of breaking the new record this month.

September and October production climbed to 145 on the Federal Reserve Board's index, which uses average production for the years 1947-49 as a comparison basis of 100. This means production in those months was 45 per cent higher than the 1947-49 average. The previous record was 144 last December.

The board reported Thursday that rising steel and auto output were large contributors to the general production increase of the past two months.

It said assemblies of 1957 model cars rose sharply in early November. Steel production this month was close to the record volume in October.

The only major area of industrial activity which fell off in October was construction materials.

## Girl Scouting

(Continued from Page One)

Thornton, Sue Tripp, Daytha Tucker, Diane Vaughn, Kaye Wallis, Jane Wheatley, Patsy Wilson, Jasha Faye Young.

Troops 15 and 12, combined under the direction of Mrs. William Wallace and Mrs. Joe Evans, receiving proficiency badges and, in the case of the eighth graders, First Class Scout badges, were Mary Ann Crawford, Margaret Ruth Crider, Diane Larson, Sandy Lilly, Susy Outland, Eva Carol Overcast, Carol Parker, Linda Rumpf, Nancy Ryan, Peggy Seaford, Tina Sprunger, Andrea Sykes, Evelyn Williams, Kaye Winnie, of this group.

Steel noted that the White House policy on labor matters has worked well, while in Congress no significant changes in the Taft-Hartley Act are expected to be legislated. The magazine said union emphasis will concentrate on state legislatures, with efforts to have the right-to-work laws repealed in the 17 states that have them and to stop passage elsewhere.

Whether the United Steelworkers' \$2 a month increase in membership dues will stick will be decided when the national officers are elected Feb. 12. Steel said. Steel workers opposing the boost have formed the National Dues Protest Committee. They have selected candidates to oppose President David McDonald, Vice President Howard Hague and Secretary-Treasurer I. W. Abel. The movement is expected to die out if the McDonald slate wins. It is an odds-on favorite to do so.

Thank-You badges for meritorious service over a period of years were awarded to Mrs. George Hart, her daughter, Mrs. Gene Landolt, accepting in her

stead, Mrs. E. W. Outland, and Mrs. Arlo Sprunger, in "grateful recognition of their vision and inspired leadership, untiring efforts, selfless and unstinting labors, continuance of which we are assured."

Mrs. W. W. Dyer, in bestowing the awards of the immense satisfaction it was to her to be part of this ceremony of recognition. In listing the satisfactions and benefits of scouting, as they have enriched her life, she mentioned the particular pleasure and thrill she experienced at the convention in Columbus when she saw her own daughter initiated into professional girl scout work. Mrs. Dyer embodies the real Girl Scout, efficient, able, gracious—a woman of real accomplishment and charm, able in her unaffected way to get across the meaning of scouting in rare manner. The youngsters were inspired by her remarks, and the older ones appreciative of her value.

The film which followed was "The Wider World," an excellent document, with sound and unusually fine color, showing the work of the Girl Guide in Mexico, Burma and Finland. The message of scouting was the important theme running through the film, its international nature, its service to all mankind, and with all its downright fun and satisfaction. The film is not only beautiful, it has a very real impact in this day of the one world which is upon us and must be lived to the best to be lived at all.

The final chorus numbers and the singing of taps, under the direction of Mrs. Tolley, were a fitting and lovely conclusion to this evening of outstanding importance to Murray Girl Scouting.

## HUNGARY MAKES SOVIETS SOUR

U. S. SOVIET AND ISRAELI groups are shown listening to speeches in the newly convened UN General Assembly in New York, and the sour look on the Soviet faces perhaps is accounted for by the fact that the 18-nation steering committee decided to give equal rating to Hungary and Egypt crises. ## Masons Now Have 11 Cats In Menage

By ALINE MOSBY

UNITED PRESS STAFF CORRESPONDENT HOLLYWOOD — With national cat week over, Mrs. James Mason has a confession: That reputation she and her husband have for cats is all a mistake.

The Masons, it's true, have 11 cats in their menage, and I visited the four-footed members of the family during national cat week, because the Masons are Hollywood's most famous cat-owners. But Mrs. Mason, a brunette dressed in pink from shoes to earrings, sighed that it's all a fraud in a furry sort of way.

"We love cats, but 11? she sighed. 'The idea is to have two cats. It's all a tremendous mistake.'"

The great cat caper began when Mason and Pamela met in England. She owned a Siamese and Mason was inspired to adopt a stage door tabby. By the time they were married they owned two cats apiece.

Adopted As Cat Fanciers Some Hollywoodites adopted the Masons as cat fanciers. Judy Garland gave them a cat; other critics arrived from fans and friends. The Masons now are owned by 11 cats.

Their large home has to be divided into sections, with

various gates and rules, so that the cats who get along with each other will be separated from those they fight. Daughter Portland's playroom was transformed into "our cat room" where the 11 felines eat their horse meat and codfish.

Though the Masons never planned on turning their home into a kennel, they enjoy being cat experts. The actor's drawings of cats cover the walls of the house. So many fans have written seeking advice on cat problems that four years ago the couple wrote a book on cat care, "Cats In Our Lives."

Wrote Cat Book

Other fans have sent the Masons their favorite cat stories. Mrs. Mason assembled them into a book, "Favorite Cat Stories," that was published during the recent national cat week.

Outside the Masons' patio door today walked some of their cats, proudly surveying their property. There was a long-haired black cat, stalking a tabby. Another black cat peered into the doorway and a huge gray feline, crippled from an encounter with a car, limped by.

Debut

DMITRI SHEPILOV, former Pravda editor, in making his first speech before the UN in New York since his appointment as Soviet foreign minister, rejects the idea of "two Chinas" in the UN, and charges that the dual theory is an attempt to "perpetuate American occupation of Formosa." He urged that Red China be seated in the UN and that Nationalist China be excluded. (International)
